Joint Commission on Accreditation of Healthcare Organizations
emphasizes patient outcomes, JAN:6
issues standards for 1995, JAN:11

Journal Reviews
(Usually appear monthly. Articles cited in each column are not listed in this index.)
See JAN:15; FEB:27; MAR:38; MAY:67; JUN:78; JUL:94; AUG:107; SEP:123; NOV:146; DEC:160

Latex allergy
list of safe products available, MAY:66; JUN:78

Legionnaires' disease
outbreaks of linked to hospital cooling towers, DEC:158
widely underreported in U.S. surveillance, APR:55

Methicillin-resistant **Staphylococcus aureus**
hospital, nursing home transfer policies, JUN:72
strain moves from India to Canada, NOV:141
strict control measures to fight, NOV:142

MMWR Update
AIDS case count reflects broader definition, MAR:37
hantavirus infections beyond Southwest U.S., JAN:14
influenza immunization programs gear up, NOV:146
invasive *Streptococcus pneumoniae*, FEB:27
measles upsurge reflects imported cases, AUG:106
meningococcal outbreak hits Oregon, APR:55
rabies exposure prompts expensive immunizations, SEP:122
resistant pertussis strain, JAN:14
salmonella infections linked to pet reptiles, JUL:94
TB declines again in 1994, JUL:93
TB screening among immigrants needed, DEC:159
TB screening for high-risk patients, OCT:135

National Institute for Occupational Safety and Health
certifies new TB masks, NOV:138
expected to approve new TB masks, JAN:13

Needlesticks
evaluating devices to prevent, AUG:104
risk of at Veterans Affairs Hospitals, FEB:22

Occupational Safety and Health Administration
accepts new TB masks, NOV:140
delays TB standard, MAY:57
hears testimony on TB respirators, JUL:84
issues infection control plan for home care, APR:49
respirator revisions by challenged, MAY:58

Outbreaks
of bloodborne pathogens in dialysis centers, JUL:87
of Ebola virus in Zaire, AUG:101
of fungal infections in bone marrow patients, OCT:130
of group A streptococcus in patients and staff, MAY:66
of *Serratia marcescens* in cardiac patients, MAY:65
of TB during autopsy, JUL:85

Pneumonia
oral decontamination reduces vent-related, DEC:156
vent-related not increased by circuit changes, JUL:86

Postoperative infections
surveillance for post-discharge, DEC:153

Rabies
fear of transmission spurs immunizations, FEB:17
handout for health care workers on, FEB:20
undiagnosed cases of underscore precautions, OCT:133

Readers Write
Clostridium difficile may be on rise, AUG:105
infection control in emergency medical services, SEP:118
mapping out infection transmission routes, AUG:105

Serratia marcescens
outbreak traced to skin cream, MAY:65

Society for Healthcare Epidemiology of America
may recommend postexposure HCV testing, AUG:100

Streptococcal infections
CDC drafts group B strep guidelines, APR:53
CDC urges national surveillance for resistant strains, MAR:32
outbreak of group A strep in patients and staff, MAY:66
testing for resistant strains of *S. pneumoniae*, JUL:92
vaccine to prevent under study, FEB:24

Surveillance
ASM calls for system to monitor antibiotic resistance, OCT:132
budget cuts threaten CDC systems, OCT:131
CDC taps sites for emerging infections network, MAR:29
CDC urges for resistant streptococcus, MAR:32
for post-discharge infections, DEC:153
for resistant pathogens in intensive care units, SEP:119
for surgical site infections, DEC:149
Joint Commission requirements in home health, SEP:115
legionnaires' disease widely underreported in U.S., APR:55

Tuberculosis
APIC hails end to mask flap, JUL:81
CDC guidelines for medical offices, FEB:26
CDC studies skin test products, APR:41
changing names of masks, JUL:82
new masks may save hospitals millions, NOV:137
NIOSH expected to approve new masks, JAN:13
OSHA delays national standard for, MAY:57
OSHA respirator revisions challenged, MAY:58
outbreak of during autopsy, JUL:85
risks in medical offices, FEB:25
skin test guidelines have three cut-points, APR:43
testimony on respirators at OSHA hearing, JUL:84

Vancomycin-resistant **Staphylococcus aureus**
CDC prepared to move quickly for, SEP:109
no clinical isolates yet confirmed, SEP:110

Vancomycin-resistant enterococci
CDC finalizes guidelines for, MAR:33
hospital, nursing home transfer policies, JUN:69

Varicella zoster
infection with hits 4 million annually, JUN:77
vaccine against recommended for health care workers, JUN:76

Ventilator breathing circuits
changing less often saves money, JUL:86

Joint Commission on Accreditation of Healthcare Organizations
emphasizes patient outcomes, JAN:6
issues standards for 1995, JAN:11
